

## Policy for the protection of the environment

KOINE' S.p.A. declares that its transport and logistics policy:

- is based on the compliance with the laws and regulations in force
- aims to carry out an activity which does not harm or conflict with the surrounding environment, nor creates conditions of danger to the health of employees, customers, community;
- includes the rule to equip with state-of-the-art vehicles and equipment in order to reduce any possible damage to the environment and the atmosphere.

In this context, the guiding principles, through which we intend to monitor the environmental impact of our activities, are:

- organise and manage transport and logistics safely in order to prevent any damage to the environment;
- conclude transport contracts considering environmental protection measures;
- select for traction vehicles corresponding to high standards of environmental impact control, technically prepared in order to limit the emission of pollutant gases and particulates in the atmosphere;
- ensure compliance with the existing laws and regulations concerning the storage and transport of goods, in particular in the case of activities carried out under HACCP or ADR regime
- identify third parties interested in transport and logistics, understand their needs and requirements and implement actions to meet them, in accordance with the requirements of the latest edition of ISO 14001 regulation

Therefore, as part of an **environmental sustainability project** we operate only with vehicles that comply with the Euro 6 standard, in order to minimize the environmental impact of transport. In this context, Koinè has also joined the members of **GFE Green Freight Europe**, a major programme to improve the environmental performance of transport in Europe aimed at reducing transport emissions and global consumption of traction fuels. Our behaviors must be consistent with these challenging principles. The Management of KOINE' SpA undertakes to make available all the resources necessary for the principles of this policy to be understood, shared, implemented and supported by all staff and interested third parties.

Madone, Feb 15<sup>th</sup> 2019

ANDREA TOCCAFONDI  
President of Administration Board of KOINÈ S.p.A.

**KOINE' S.P.A.**
